The ServiceSource Foundation was established in 2004 to support programs for individuals with disabilities at ServiceSource. Through community education and awareness, business networking and direct funding, the ServiceSource Foundation helps to bridge the gap for people with disabilities in their communities.

Since its inception, the ServiceSource Foundation has raised nearly $9 million dollars through Capital Campaign and program fundraising to support programs and services for people with disabilities.

THE DIFFERENCE WE MAKE

In 2015, the ServiceSource Foundation raised more than $700,000 in program funding.

2015 Fund Allocation

- **Total 2015 Allocation**
  - Capital Campaign: 34%
  - Existing Programs: 66%

- **Existing Programs**

  - Family Support Services: 30%
  - Habilitation and Recreational Therapies: 19%
  - Autism Programs: 3%
CAPITAL CAMPAIGN: DECENTRALIZED SERVICE CENTERS

In the last five years, we have raised $5.2 million in pledge commitments towards our on-going Capital Campaign. In 2014, we purchased and opened the ServiceSource Disability Resource Center in Oakton, Virginia. Today, the Resource Center is a model of sustainability and program design that promotes community inclusion and shared resources with partner organizations. The Resource Center is only the beginning of realizing our vision. The Capital Campaign continues in 2016 with the goal to support additional, decentralized locations that advance opportunities for community inclusion and independent living.
