

SENIOR SERVICES

A PARTNERSHIP WITH
FAIRFAX COUNTY NEIGHBORHOOD AND COMMUNITY SERVICES AND SERVICE SOURCE, INC.

SUPPORTIVE SERVICES

Senior Services provides supportive services that focus on social inclusion to enable seniors with minor cognitive and physical disabilities to actively participate in the day-to-day activities at Fairfax County Senior Centers. The program is provided in partnership with ServiceSource – a local non-profit organization with extensive background in supporting older adults and adults with disabilities.

- Allow seniors with disabilities to enjoy the wide range of programming found at Fairfax County senior centers
- Enable participants to remain in the least restrictive environment and maintain as much independence as possible
- Reduce loneliness and isolation by providing fun and enjoyment in addition to preserving dignity and enhancing the quality of life for each participant

SENIOR SERVICES TEAM

Senior supportive services are divided into two main functions:

Therapeutic Recreation: Recreational therapists are available to design and implement adaptations and modifications needed to support members' participation in day-to-day center activities.

Case Management: Staff will offer guidance and provide referrals to individuals and families in determining the appropriate programs and services to meet seniors' needs.
