Purpose-Driven Impact

Lively, Mail Clerk Department of Transportation Washington, DC

“My dad was a mailman, my dad’s dad was a mailman, even his dad was a mailman!” Lively says proudly. This employment opportunity created by AbilityONE and ServiceSource allows Lively to carry on his family’s traditional line of work. “The people make it good,” Lively says with a smile.

Maria, Financial Counselor Wilmington, DE

“I am a certified financial coach and benefits counselor. My job as coach is not to tell [our clients] what to do with their money but to give them that power to make better decisions and better choices... Some people may have developmental disabilities or intellectual disabilities or mental health issues, but it doesn’t mean they don’t have the capacity to improve their finances. Giving them that empowerment and knowledge is important.”
