

We Have the Services You Need

The ServiceSource Delaware Regional Office has been assisting people with disabilities with their employment needs since 1957. Our statewide programs assist participants through innovative, individualized, outcome-driven programs. Our goal is to assist in any or all aspects of career exploration and development leading toward employment.

We strive to maintain quality programs so we can continue to provide excellent services and deliver exceptional outcomes. As such, our rehabilitation programs are accredited by CARF and our training programs are DE Department of Education Certified.
